CHOIR PREPARING FOR THE TRIP TO THE PACIFIC COAST

The following letter was received today by President Joseph Scowcroft of the Weber club, expressing the appreciation of the Ogden Tabernacle choir for the support pledged it by the Weber club at its annual meeting last Monday night:

"Joseph Scowcroft, President and Board of Directors of the Weber club, City, Gentlemen: At the rehearsal of the Tabernacle choir last evening the members of the choir were advised of the action taken by the club at its annual meeting last Monday evening. We want to assure you of our high appreciation of the support that has been pledged by the Weber club and enclose you copy of the resolution that was offered by the officers and members of the choir."

"Resolved, That we, the officers and members of the Tabernacle choir do hereby tender our thanks to the Weber club for the unanimous decision last Monday night to finance the trip of the choir to the San Diego and Panama Pacific exposition at San Francisco in 1915."

"Also to Mr. Fred J. Kiesel, our staunch friend and supporter, for his interest in making the motion which carried with such unanimous enthusiasm."

"We shall work industriously from now until our departure to so perfect the various choral works and oratorio, that our trip will result in great good to our city and state."

"Again assuring you that we appreciate the honor conferred, I am yours very truly,"

(Signed) "WILLARD SCOWCROFT."

"President Tabernacle Choir."

In speaking of the action of the choir at the rehearsal, President Willard Scowcroft said that the members had also authorized him to send a copy of the above resolution to the Hon. Fred J. Kiesel with a letter assuring him of their deep appreciation of the friendly attitude he had always shown toward the organization.

Regarding the proposed trip of the choir, Mr. Scowcroft said that it would probably consume three weeks, eight or ten days of which would be spent in San Francisco. It plans now under way turn out successful, concerts will be given in the auditorium of the Panama-Pacific exposition on the nights of July 21, 22, 23 and 24. The 24th will be Utah day and Governor Spry and the Utah commission have already given their word that the Ogden Tabernacle choir will be the official singing body for that event.

In addition to the concerts in San Francisco, the choir may be heard in Berkeley and one other bay city, on an afternoon. If four, or possibly six, concerts are given, two of them being given in the afternoon, there will be sufficient time for the choir members to get a lot of enjoyment in the fair grounds during the stay in San Francisco.

President Scowcroft and Director Ballantyne believe that the trip to San Diego will be almost equally important as the visit to San Francisco from an advertising point of view. The opportunities for concert work are also exceptionally good in the lower coast cities and summer resorts. During his last trip to California, Prof. Ballantyne said that he learned that in Los Angeles, Long Beach, Venice, San Diego and one or two other cities that there were auditoriums each having a large pipe organ. This would make it possible for the choir to give recitals under most favorable conditions.

SCOTT JOURNALS ARE IN BRITISH MUSEUM

The original journals of Sir Robert Scott during his South polar expedition have been placed in the British museum by Lady Scott. By order of the trustees they were placed on view today, the second anniversary of Scott's arrival at the South pole. They are to remain on view for an indefinite period.

The journals are three small pencil-written books which Scott carried with him to the pole and which were found on his body by the searching party in November, 1912.

At the end of the last of these is the "message to the public," which made so deep and lasting an impression on the heart of the nation.

MARTIN FAMILY WILL NOT ANSWER GRAND JURY QUESTIONS

An unexpected feature of the grand jury investigations was disclosed this morning when Mr. and Mrs. J. F. Martin and their daughter, Mrs. Nellie Cook, refused to answer questions put to them by the jurymen and the state's attorneys. They appeared before the jury in answer to subpoenas but refused to answer questions regarding blackmailing affairs, or at all, claiming they had been advised by their attorney not to answer.

The grand jury immediately reported the affair to Judge Nathan J. Harris. Judge James A. Howell being at Brigham City, and the court issued an attachment for the witnesses, returnable to the court this afternoon at 1:30, to show cause why they should not be compelled to answer the questions that may be put to them. The attachment was placed in the hands of Sheriff De Vane for service.

The three witnesses were in the court room when the report of the grand jury was read, but they did not offer voluntary service of the writ of attachment, nor did they volunteer any information respecting their attitude. Early in the morning, as Mr. Martin and his wife, leaning upon his arm, and accompanied by Mrs. Cook, entered the county clerk's private office to await the action of the grand jury, Mr. Martin stated that they had been advised by their attorney to refuse to answer any questions that might be asked them by the jury and he decided to obey counsel. He stated that he would not answer questions unless forced to by the court.

It appears that the grand jury could not hold the witnesses in contempt for their refusal to testify and the matter was referred to the court, which has the power to punish witnesses for contempt.

Attorneys say there is a rule of law which privileges witnesses to refuse to testify on a subject that might incriminate them and that necessarily they do not need to explain specifically in what way they would be incriminated.

Just how this rule will apply in grand jury matters is yet to be determined by the court.

At the reconvening of the court this afternoon at 2 o'clock, it was announced that Soren X. Christensen of Salt Lake, attorney for the Martins, had been delayed and could not reach Ogden until a later hour, whereupon the court continued the hearing until the attorney could appear.

UTAH PRODUCTS AND PURE FOOD SHOW NEXT WEEK

Arrangements are nearly completed for the big Utah Products and Pure Food show, that is to be held in the Parry building all next week. The show will be held under the direction of F. W. Whipple and the general admission will be free.

The lower floor of the Parry building has been partitioned off into booths and all but four of the booths have been applied for. The general decorations of the building will be elaborate and will add much to the attractive displays. A prominent feature will be a miniature exhibition of the Panama canal with running water, and the locks in action.

Among the exhibitors who have applied for space and who will make large displays, are the Shupe-Williams Candy Company, Becker Brewing and Malting Company, Borden Condensed Milk company, Walter Baker Cocoa company, Blackman and Electric Company, John Scowcroft and Sons Company, Utah Canning company, Superior Horse-Radish and Pickle company, the "Jello" company, McDonald Candy Company and Nogle, the photographer.

The Ogden High School will have an exhibit of its art, domestic arts and manual training departments. The show is expected to be in readiness for the opening, Monday at 2:00 p.m.

CLAIM MRS. CURTIS HAS HAD SIX HUSBANDS

Yesterday afternoon Mr. and Mrs. Edward Nicholson filed a complaint against Mrs. Ruella P. Curtis, charging her with the theft of a trunk from their quarters at the Colonial rooming house and the woman was taken into custody by Police Officer Jerry Kellner. When arrested she had the two children which are subjects of controversy in the district court under habeas corpus proceedings. Mrs. Curtis and the children were detained at the police station during the night and this morning, accompanied by Chief of Police W. I. Norton, appeared before Judge N. J. Harris in the district court to answer the writ of habeas corpus.

In court Mrs. Curtis was represented by Attorney J. N. Kimball. County Attorney David Jensen, at whose home Mrs. Curtis and the children spent Friday night, and from whom she had received legal advice, withdrew from the case. A supplemental writ of habeas corpus was served on Chief Norton that he might legally bring the woman and the children into court.

Attorney Kimball, in answer to the writ asking for the control of the two children, Ruella and Albert Nicholson, read to the court an affidavit from Mrs. Curtis setting forth that she had adopted the children before she came to Ogden last fall, the adoption of one in the probate court of Topeka, Kan., in 1912, and the other in the Fourth circuit court at Provo in 1909, and claiming that the letters of adoption set forth that Mrs. Nicholson gave her consent. In the affidavit Mrs. Curtis claimed further that she had had the custody of the children since the time of their birth and that she is now holding them unlawfully. The attorney asked that the writ be dismissed.

Then the question arose as to whether the writ of habeas corpus and the return did not join the issues and that the introduction of testimony was not in order. Attorney Chee for Mr. and Mrs. Nicholson contended that the issues were not joined and that it would be necessary for the parties asking for the writ to answer the affidavits made by Mrs. Curtis in her affidavit.

The court advised the attorneys that he would not pass on that question, but would leave the matter with Mr. Chee as to an answer to the claims made by Mrs. Curtis. Mr. Chee chose to file an answer. Adjudgment was taken until 2 o'clock.

Before the close of the proceedings it will be contended that Mrs. Curtis is not a fit person to have the care and custody of the children, inasmuch as she is both mentally and financially incapacitated and that Mr. and Mrs. Nicholson are prepared to care for them properly. Mrs. Nicholson also will show that the children were returned to her in March of this year at Topeka, Kan., by adoption, by and under the consent of a certain orphanage which was the guardian of the

children. It will be claimed that when Mrs. Curtis turned the children over to an orphanage she forfeited the right of possession and control, and that the subsequent letters of adoption issued to Mr. and Mrs. Nicholson are regular and legal. The recent letters were issued by Judge Hugh McFarland of the probate court of Topeka, Kan.

That Mrs. Curtis is not a fit person to keep the children, Attorneys Chee and Gordon declare. It will be shown that she has been arrested at various times charged with the commission of crime, citing the arrest of yesterday afternoon as one of them, and also that she has been much married in the past number of years. The marriage record which they say they will prove is as follows:

Husband No. 1, Samuel E. Curtis, 1888; No. 2, William Van Rossen, 1892; No. 3, Elsworth Wood, 1909; No. 4, R. M. Reeder, 1910; No. 4, Alfred Clark, 1911; No. 5, Austin Hulbert, 1912; No. 6, Mr. Evers, 1913.

On the other hand Attorney Kimball says he expects to show that Mr. and Mrs. Nicholson wrongfully and illegally took possession of the children in Kansas and then turned them over to an orphanage, solely for the purpose of gaining jurisdiction through the process of adoption. He says further that he will make it known to the court that the Nicholson people do not want the children at all, but that they are seeking to get control of certain parcels of property in Topeka, Kan., that Mrs. Curtis deeded to the children.

The habeas corpus case was resumed this afternoon at 2:30 when the attorney for the Nicholsons presented an answer to the denial offered in the respondent's suit.

The answer specifically denied all the statements in the affidavit as to the right of possession claimed by Mrs. Curtis and alleged affirmatively that Mrs. Nicholson has had control of the children at all times since they were born except at such times as Mrs. Curtis stole them and carried them away and that that time covered a space of not more than six months.

It is alleged that Mrs. Curtis is feeble, unstable, deranged in mind and a mendicant and that she begs on the street and desires to get control of the children that they may aid her in her work. It is also alleged that she obtains means through illegitimate practices.

The answer concludes by stating that the woman has been confined in a New York insane asylum and that she is still mentally unbalanced.

Attorney Kimball again renewed his motion to dismiss the case, arguing that the papers of adoption offered by the petitioners cannot possibly annul the letters previously issued to the respondent and that under the pleadings it is shown that the respondent is the legal custodian of the children.

NATIONAL SCHOOL PROPOSED IN HOUSE

Washington, Jan. 17.—The climax of America's educational structure would be consummated through the establishment in Washington of "The National University of the United States" in the opinion of representative Ford of Ohio, who has introduced a bill proposing such an institution. An initial appropriation of \$500,000 is asked for the proposed university.

The measure provides that the institution be supported by government and individual donations and its objects would be to advance science and the fine arts to train men and women for posts of responsibility in public and private service, to co-operate with the government's scientific bureaus and to work in conjunction with public and private institutions of learning of the country. The president would be empowered to name a board of trustees and they would be authorized to accept gifts and donations from any "legitimate source."

"This is the richest nation of the world," said Mr. Ford in discussing the matter today, "can well afford to support the university out of the federal treasury. It is time for us to act and realize the dream of Washington and his successors, Adams, Jefferson, Madison, Monroe and others."

The scope of the work of the proposed university, according to Mr. Ford, would not interfere with any other institution of higher learning, as it could not duplicate such work.
